Dear Parents and Carers

We have had another very busy term at Beeliar Primary School. The children have given it their best, which is something all of the staff are so proud of. To acknowledge their wonderful decision making and efforts, we will all enjoy a Pyjama Day this Friday where students get to wear their PJs to school. I am very much looking forward to seeing the various onesies on Friday. There will be no cost for this dress-up day as it is a celebration of our children rather than a fundraiser. I'd like to wish everyone staff, students and their families a relaxing and enjoyable holiday. It is very well deserved.

Pyjama Day - Pre Primary - Year 6

Please ensure that the children are dressed in appropriate PJs for school especially with the cooler weather we are experiencing. Joggers or full slippers (not slip-ons) need to be worn for the comfort and safety of your child. Please note that if your child does not want to wear their pyjamas, then they are still able to wear their school uniform. This is not a free dress day in the sense of wearing anything, pyjamas are the theme. Kindergarten students will have a reward day at a later date.

Student Attendance

We have had an outstanding term with our student attendance. Our attendance rate as a school is up and our absence notification rate is through the roof. I would like to thank all of the students, parents and teachers for their support in making this improvement happen. Final Term 2 absence letters went home on Monday with students. Please make sure these are returned by Wednesday to make sure all absences are followed up on prior to Thursday's assembly and the collection of this data centrally.

School Watch

The upcoming School Holidays start on Monday 4 July with students returning to school on Wednesday 20 July 2016. As a result, schools are often more vulnerable than usual during these periods and therefore can become an easy target for offenders.

The WA Police in conjunction with School Watch and the Community Engagement Division are continually working together to reduce criminal activities such as Burglaries, Theft, Vandalism and Graffiti occurring by creating new initiatives and by increasing patrols of schools during the holidays, however we also require your assistance.

We urge you be extra vigilant during the school holiday period and if you notice any suspicious activity or any anti-social behaviour occurring within the vicinity of a school to report it immediately by telephoning:

School Watch on 1800 177 777 or Police on 131 444

School Watch is a partnership of WA Police and Department of Education.

Shining our spotlight on.....

MUSIC

On Tuesday 14 March Cerise and Waiana very kindly gave up their time to come to our School Choir and teach the actions to a Maori Song we have been learning, Tutira Mai. Our students found out about the culture and background to the song. They learnt first hand from native speakers and performers how to add the actions correctly and how to start and finish. I am so grateful to Cerise and Waiana, a former student of Beeliar Primary School, for sharing their knowledge and talent with us, Thank you.

Crunch and sip is important because it makes you healthy and strong and makes you grow to be tall. You should eat five vegetables and two fruits every day.

Crunch and sip is important because it is healthy and strong for your body. It makes your body all ready for the morning and afternoon. It keeps you hydrated.

Crunch and sip is important because when you digest the food it goes to your brain and then your brain can send messages to your body parts to move and make your legs run and walk.

Crunch and sip is important because it keeps our bodies healthy. We eat crunch and sip at 10am. We eat fruit and vegetables for crunch and sip. My favourite thing to bring for crunch and sip is an apple. Everyone should eat five vegetables and two fruits everyday.

Written by Asha TA23

Crunch and sip is important because kids are allowed to eat at 10:00am because it is too long to wait until recess. In crunch and sip you should have 1-2 serves of fruit or vegetables in a school day. Water keeps you hydrated for the day.

VIRTUE OF THE MONTH

What a great semester we have had. Beeliam Primary School students have continued to show Stand Tall behaviour in all that we do. We show the Golden Rule at all times and I am always hearing people treating others how they would like to be treated.

We have focused on the virtues of team work, perseverance, goal setting and helpfulness to name a few.

So let's keep going the way we started! Have a great holiday!

ASSEMBLY TA14

On the 16 June, our class performed our assembly. I was the scientist in the toothpaste ad, I was also the girl that told gangster Jarrah to not use language like that. I've been on stage lots of times in my life because I've done four years of drama classes outside of school, so I wasn't *that* nervous.

When I got on stage, I sat down on the soft, blue couch next to Jarrah. I felt good when I was saying my first few lines, I kept on feeling happier and happier. Soon, it was my group's turn, the other children in my group were Wesley and Tyson. I had a feeling that I was going to forget the part where I stand in front of Wesley, because I usually forget that part, but I didn't! Everybody's group was awesome and it was so much fun!
