### EXCERPT OF LETTER FROM CEO & CHAIR OF SCSA

"..... Our reason for writing to you on behalf of the Authority's Board and Senior Executive is to acknowledge the efforts of your school staff and students in the literacy and numeracy gains made over the three year period from 2013 to 2016.

These gains demonstrate the value adding processes and practices that you have put in place to support your students to do the best they possibly can to demonstrate the minimum literacy and numeracy standard.

Through targeted literacy and numeracy interventions, teacher support and student determination and hard work, your school ranks in the top 50 for improvement....."
